MEZERON TERMINATES IT'S LIVERPOOL SERVICES

Mezeron Ltd has decided to terminate it s daily Liverpool service into Douglas.

Jörg Vanselow of Mezeron says:

We would like to thank all customers, partners, stevedores, our staff ashore and the crew on board of the chartered vessels alike, which have helped to make this project happen.

At Mezeron we strongly believe that all our decisions must be customer driven so they can choose what suits their requirements best. We set out to prove that we can offer a first class Container Service to the island - and we did.

This project was always ambitious and I make no apology for that. Unfortunately on this occasion we did not see the volume growth expected and necessary to continue this particular service profitably.

We are proud to continue to provide our regular services from Glasson Dock and Belfast to the Isle of Man carrying general cargo and containers.

Since 1983 Mezeron has been committed to playing an active and positive role in the local economy by providing alternatives to the people and the businesses of the Isle of Man, and we very much look forward to continuing to do this.
